

Call for Papers SATEC 2018

In conjunction with

SINGAPORE AEROSPACE TECHNOLOGY & ENGINEERING CONFERENCE

07 Feb 2018 (Wed)

Suntec Singapore Convention and Exhibition Centre

The **Singapore Aerospace Technology and Engineering Conference (SATEC)** is a premier aviation conference held in conjunction with the Singapore Air Show and 2018 coincides with our RSAF 50th Anniversary. This biennial event is jointly organised by the **Singapore Institute of Aerospace Engineers (SIAE)** and the **Republic of Singapore Air Force, Air Engineering & Logistics Department (RSAF, AELD)**. We are pleased to invite you and your organisation to present papers in SATEC 2018.

At the National Day Rally on 20 Aug 2017, Prime Minister Lee Hsien Loong spoke about making Singapore a SMART Nation. In line with this Initiative, the theme of SATEC 2018 is **Shaping Aerospace Through Innovation**. The key focuses will be on the *application of innovation and automation in aerospace, cyber security and networked systems in aerospace as well as the sharing of best practices in airworthiness, aviation maintenance and failure investigation. Papers relating to the development and implementation of new technologies in aerodynamics, structures and materials, propulsion, aero-systems, avionics and unmanned aerial platforms* are also welcome.

Please send an abstract of your proposed presentation/paper with a photograph and a short biography of the presenter using the attached abstract submission form.

Yours Sincerely,

Mr Jonathan Hung (SIAE)
Co-Chair (SATEC 2018)

ME6 Stewart Ng Siew Loon (RSAF)
Co-Chair (SATEC 2018)

Objectives of SATEC

SATEC is a platform for researchers, academics and practicing aviation engineers to present their research and discuss new advances in the areas of aerospace technology and maintenance. We firmly believe the conference will enhance the intellectual capital in the aerospace sector and promote greater understanding and cooperation between military, international/local aviation companies and institutions.

This is an excellent opportunity for you and your organisation to establish network and showcase your efforts among important and influential aviation industry professionals. We sincerely hope that you will consider our invitation and we look forward to your participation in SATEC 2018.

Timeline of Paper Submission

The deadline for abstract submission is **15 Oct 2017**. Selected presenters will be notified by 15 Nov 2017 for subsequent submission of the full papers and presentation slides.
